FEATURED REVIEW

This is Entertainment

The Night Agent formula: the mix of Mission Impossible, 24, Patriot Games, and all those famous threats to US President combined into 1 TV series called The Night Agent.

The good news is it is entertaining and a great choice to relax with a bowl of popcorn.

The bad news is, there are not much of opportunities for every actor in this series to develop their characters. The series is very fast paced and leave very, very few seconds for an actor to show their acting prowess. This formula was successfully develop by 24 but The Night Agent only has 10 episodes to introduce the main characters, so they kept the main characters focusing on 1-2 person on focus at any given time.

Overall, if you are looking for a good entertainment to relax your tense brain and you like action films, watch The Night Agent, you'll get good action and fast paced story you usually enjoy in cinemas at TV screen.
